

## Student Assistant / Tutor for the Course “Quantitative Modeling” (m/f/d)

**Prof. Dr. Dr. h.c. G. P. Kiesmüller** is looking for motivated **Tutors** to support the course **Quantitative Modeling** at the TUM Campus Heilbronn starting in the Winter Semester 2025/26.

### As a tutor, you will...

- Assist students in solving exercises and discussing solutions
- Review the solutions of students
- Be an integral part of our dynamic and collaborative team at TUM Campus Heilbronn.

### We offer...

- Meaningful work: Share your knowledge and support fellow students in their learning journey
- Learning opportunities: Reinforce your understanding of core concepts while gaining teaching experience
- The chance to gain insight into research and teaching during your studies
- Working hours: 8 hours per week
- Duration: Initially 6 months, with the possibility of extension. A longer-term cooperation is desired.

### We are looking for team players who...

- Are currently enrolled in a Master's program at TUM Campus Heilbronn
- Have programming skills in Python
- Have passed Mathematics or Management Science courses with above-average grades
- Are enthusiastic about teaching and enjoy helping others learn, and
- Have strong English communication skills.

### Application Process

Please send your application (including a short CV, short motivational letter and a current transcript of records) via e-mail to Prof. Dr. Dr. h.c. G. P. Kiesmüller at [gudrun.kiesmueller@tum.de](mailto:gudrun.kiesmueller@tum.de), quoting the keyword “Tutor for the Quantitative Models Course”. For further information regarding this job offer please also contact Prof. Kiesmüller. The application deadline is Monday, 21 July 2025.

TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with essentially the same qualifications will be given preference.

Being one of the best schools of management in Germany, the TUM School of Management is building a unique bridge between management and technology within an international teaching and learning environment. With our triple accreditation (AMBA, AACSB und EQUIS), our focus is on high quality in research and education. Our Heilbronn Campus, where this position will be located, is shaped by great opportunities and flexibility that foster an international environment.

### Data Protection

As part of your application, you provide personal data to the Technical University of Munich (TUM). Please view our privacy policy on collecting and processing personal data in the course of the application process pursuant to Art. 13 of the General Data Protection Regulation of the European Union (GDPR) at <https://portal.mytum.de/kompass/datenschutz/Bewerbung>. By submitting your application, you confirm to have read and understood the data protection information provided by TUM.
